

B-21

FLUSH-MOUNTED MAGNETIC CONTACT (WHITE)

Magnetic contacts are used to detect the opening of doors, windows, etc. The **B–21** sealed magnetic contacts with flange are designed for recessed mounting. The contacts are supplied with a magnet holder, which allows the contacts to be mounted in hard–to–reach places. The contacts are offered in white (**B–21**) and brown (**B–21 BR**) colour versions.

- recessed mounted
- medium-sized sealed body with a square flange
- body diameter of 6.5 mm
- flange side length of 10 mm
